The Command is equipped with state-of-the-art technologies at every echelon to ensure an effective All-Hazards CBRNE capability to identify, assess, render-safe, dismantle, exploit, decontaminate, transfer and dispose of Chemical, Biological, Radiological, Nuclear and Explosives hazards, including weapons of mass destruction, unexploded ordnance and improvised explosive devices.

Subordinate elements of the Command include the 48th Chemical Brigade, the 52d EOD Group, the 71st EOD Group, and the CBRNE Analytical and Remediation Activity (CARA). These organizations provide the Army with an All-Hazards CBRNE capability in support of Homeland Defense and Combatant Commanders' CBRNE requirements in operations and contingencies across the globe.
